## Love me like a reptile

Knew I had to bite you baby when
I first set eyes on you,
That moment turned me on,
I can't believe it's true.

I like to watch your body sway, I got no choice, I'm gonna twist your tail.

Love me like a reptile! Love me like a reptile! I'm gonna sink my fangs in you.

Thunder lizard, stony eye, You got me hypnotised, Hot tongue breaks in and out And I can't believe my eyes.

And your soft white belly, Next to mine, Scaly baby, see you shine,

Love me like a reptile! Love me like a reptile! You're murder in disguise.

Black mamba, murder in disguise

Baby you're a rattlesnake, You know the way I feel, Feel you crawling up my back, You've got no love to steal.

You know I've got my eyes on you, You're petrified, gonna stick like glue.

Love me like a reptile! Love me like a reptile! Shock you like an electric eel.
