

## Too Late, Too Late

Motörhead

I see that nothin's changed  
Insist on playing games  
Some waste of time you are  
And you're so popular

Well this is it you bitch  
I got to make a switch  
You find some other john  
I know what's goin' on

Your move  
What do I have to lose  
Stalemate,  
Too late, too late!

I thought you were for real  
Just one more rip-off deal  
Don't give me all that crap  
I just escaped your trap  
You think you see the joke  
But you're just chasin' smoke  
'Cos now the thrill is gone  
I know what's goin' on

Your move  
What do I have to lose  
Stalemate,  
Too late, too late!

Misunderstanding me  
The way you felt so free  
I'm gonna jump the gun  
I'm gonna cut an' run  
Your credibility  
Don't cut no ice with me  
You're just a feeble con  
I know what's goin' on

Your move  
What do I have to lose  
Stalemate,  
Too late, too late!
