

Force the breakdown, death and change
Entering sledgehammer rage
Ravaged skies and concrete sight
Another demon at midnight

Ashes raining on that day
Shout it out, don't walk that way
The ride of the dead man
Forever be alone

The ride
Deathrider

We cannot die, we only see
A lesson in demonology
Burning fuse, caught up inside
A killing stream of dead light

Always ashes on that day
Realized, the reaper's me
The ride of the dead man
Forever be alone

The ride
Deathrider

Today I will follow
Today I won't bleed again
Today, no tomorrow
Today, the last day

The ride of the dead man
Forever be alone
The ride of the dead man
Forever turn to stone

The ride
Deathrider
