

# The Shadowman

Motorjesus

Demon! Sit here and wait for the trial - there is no denial It's always too late for me - the black suit is my resistance The animal instinct - apart from reality There's a devil in disguise - soul is changing, through my eyes Condemnation - now decides - one who seeks sanctuary

Rise up - back down - I am the shadowman - the day - become - ways of the shadowman

Destroy the rules, regulations - the reincarnation - the gallows awaiting me... There's a devil in disguise - soul is changing, through my eyes Condemnation - now decides - one who seeks sanctuary

Rise up - back down - I am the shadowman - the day - become - ways of the shadowman

Fire turned me - to be shadowman - fighting my way, turning away - feeling this is not over

Rise up - back down - I am the shadowman - the day - become - ways of the shadowman Rise up - back down - I'm the shadowman - the day - become - ways of the shadowman
