

Smile brave captain  
Your course is set  
It'll be alright

Look, see how it adds up  
How it all makes sense  
May your dreams be bright

They'll never smell your fear....

The sound & the fury  
And the deep blue sea  
Are your friends tonight

Shine brave captain  
You'll do the right thing when  
You put the wrong thing right

And forget about that fear....
