

# The Wheel

Motorpsycho

There she goes- away out of the garden  
It'll never be the same-she's never going back again  
Kissed by worm- touched beyond emotions  
She'll never feel the same-she'll never feel like that  
Again  
Lock the gate -close that off forever  
It'll never be the same again  
I know -I felt - I lived in that hell  
And it hurts -just a little bit more  
Every time you peek through that door

Dug a hole saw your long hated face in it  
She's never coming back you might as well face it  
Now... now... now... now  
Bird has flown it's eggs are cold and rotting  
Feeling like your soul's dying, dead & cold  
Put on your travelling boots & start walking  
That dirtroad- it's mud and it's tiretracks  
Is as long as a lifetime in these parts  
As the rain pours down, as the rain pours down  
Your hair is so wet you could scrub floors with it  
... well, he did--he did---

That's all you're gonna get all yre gonna get all get  
Yre gonna get  
Get all... this is all you're gonna get all yre  
Gonna get all  
You're getalll... I've taken  
More than  
Enough already, thank you---more than enough enough  
And

I'd really like to touch you, but not in that way not  
In that way way  
That not at all... there's no way out there's no way  
Out no way out  
Way out out no way no way out no way

Out...  
...  
... but  
I still love you
