

## Rock and Roll Queen

**Mott the Hoople**

Listen woman you needn't look so stupid when I call your name o  
ut loud  
Cause everybody thinks you're a sweet smelling girl with intell  
igence and you know how  
I wouldn't want anyone else to know  
About the way you really are  
You're just a rock and roll queen  
You know what I mean  
And I'm just a rock and roll star

Listen woman you needn't go to bed with everybody that you meet  
Cause everybody thinks you're a sweet little girl with intellig  
ence in your feet  
I wouldn't want anyone else to know  
About the way you really are  
You're just a rock and roll queen  
You know what I mean  
And I'm just a rock and roll star  
Alright!  
You're just a rock and roll queen  
You know what I mean  
And I'm just a rock and roll star
