

## Let's Dance In The Moonlight

moumoon

In the fields  
The big, big, round, round moon in the sky  
with all the stars  
Let's dance in the moonlight, moonlight  
Riding on the silver grass and rhythm with our friends  
Everybody dancing together  
It's so much fun, isn't it fun  
It's so much fun, isn't it fun  
I am little rabbit ichigo

Mr. Moon  
Oh, please, please, please don't be sad now,  
no don't be sad  
Let's dance in the moonlight, moonlight  
Everyone's gonna get on together and have fun  
So Mr. Moon we don't want rain no  
It's so so sad, isn't it sad  
It's so so sad, isn't it sad  
ichigo tears are flowing

OK everyone  
Let's all smile and let's get up and jump about  
Let's stop fighting and let's dance  
Mr. Moon is smiling too, happy as can be  
Everyone is living in this world  
It feels so good, doesn't it feel good  
It feels so good, doesn't it feel good  
ichigo is friends with everyone

Mr. Monkey, Mr. Fox, Mr. Raccoon, Mr. Frog  
Let's all be good friends and live together  
We've had the chance to meet each other  
Everyone is living together in this world  
Someday I am sure that all the children will also  
be our friends and happily dance with us

ichigo believes that...

Let's dance in the moonlight, moonlight  
Let's dance in the moonlight, moonlight...
