

## Boys In The Band

Mountain

Freight train  
Why am I, I'm arriving late tonight  
And the world is turning  
Round and round the sun  
All the places spinning by and by one by one  
Coming home, I'm on time  
Been gone such a long time  
Goodbye traveling  
So long to the boys in the band  
Goodbye traveling  
So long to the boys in the band

We play tunes today  
Leaving memory of yesterday  
All the circles widen getting in the sun  
All the seasons spinning all the days one by one  
Comin' back before long  
Comin' back till I'm gone  
Goodbye travelling  
So long to the boys in the band  
Goodbye travelling  
So long to the boys in the band
