

Underground

Mousse T.

Come on and milk it while you're hot
Sell out hang out with a new set of friends
Take the arty farty out your eyes
Smoke this chill out enjoy the ride
You know it's true
You know we do need you to
Sell a million or two
'cos your last record sales weren't high.

Oh so cheesy but we don't mind
Let's get greedy taking it all from behind
So cheesy but we don't care
'cos we're running outta underground

So switch the light out on the cat walk 'cos
The pussy died long ago
Have a drink on me and even more
Hands up snap shot with your pants down
You know it's true
You know we do need you to
Sell a million or two
'cos your last record sales weren't high.

Oh so cheesy but we don't mind
Let's get greedy taking it all from behind
So cheesy but we don't care
'cos we're running outta underground

Oh so cheesy but we don't mind
Let's get greedy taking it all from behind
So cheesy but we don't care
'cos we're running outta underground

'cos we're running outta under running outta underground
Running outta under running outta underground

Oh so cheesy but we don't mind
Let's get greedy taking it all from behind
So cheesy but we don't care
'cos we're running outta underground
