

## Chords

### Moving Mountains

I found a new home  
Inside of my head  
A different point of view  
From the things I've said  
Did you think I could?  
Did you think I could?

And I found a new love  
Inside of my blood  
A different set of skin  
Stretched across my bones  
Did I find you now?  
Did you find me now?

Well I don't know  
What your name is  
But all I know  
Is your heart exists  
Yeah all I see  
Is change in me

Was it in the chords?  
Is it in the words I spoke?

And so maybe we'll say  
Let it rain down on both our heads  
And let it fall hard and wash away  
Just to know that nothing is okay

Well I can't control  
The worst of this  
But I don't know  
Why we talk like this  
I want to say so much more

Is it in the chords?  
(It's in everything I say)  
Is it in the words I spoke?  
(It's in everything I see)

Is it in the chords?  
(It's in everything I mean)  
Is it in the words I spoke?
