

## Between Us & Them

### Moving Units

It's so clear now, I'm understanding  
and the furniture matches the ceiling  
if it was different than you had expected  
will you pardon me, i wasn't selected

I know it's difficult so I will be patient  
i guess we have to abstract if it's ok yeah  
i'll make it easy for you, what a disaster  
maybe it's better off this way, better off this way

It's a task and then when you complete it  
will you love me when I wasn't needed  
cause it's natural to feel unfaithful  
and you're going to be anyway

I know it's difficult now but you can try to  
wasn't with all the fuss cause i feel so seamy  
i'll make it wasy for you, what a disaster  
we couldn't go wrong any faster

I never wanted anything (3x)
