

## Dream On

Moya Brennan

Did you see the sign of my love?  
Did you see the look in my eyes?  
Did you feel the touch of my hand  
Close to you?  
Do you feel my heart in your heart  
Forever?

Dream on of a love that's yours forever  
Hold on, take heart and discover all the world

Could it be the waves on the rocks?  
Could it be the patter of the rain?  
Could it be the sigh of the breeze  
We didn't hear?  
Could it be the thrill of our love  
We felt come near?

Dream on of a love that's ours together  
Hold on with promise and discover all the world

Would I have to dream on someday?  
Would I have a reason to stay?  
Would I have to look far away  
To find you?  
Would I have to dream on today  
To find a way?

Why did I say that I'm not the kind?  
Why did I feel that I'm left behind?  
Why did I think that I'll never fall  
In love again?  
Now you see I've changed my mind  
To love again

Now I know to dream on today  
Now I know the reason to stay  
Now I know you're not far away  
My sweetheart  
Now I know we'll dream on some day  
Together
