

Can't Stop

Mozella

Speak to me, read my mind
And fill your mouth with flesh and wine
And I'll be yours, just give me time
Give me time

'Cause you have everything I could ever want
You have everything I could ever want
You speak to my soul like you've known it before

And I just can't stop
Lord, I can't stop myself
I can't stop
Lord, I can't stop myself now

I'm losing sleep over you
And I don't know what I've got myself into
You just have something that I need
I can't put my finger on it
You can put yours on me

'Cause you have everything I could ever want
You have everything I could ever want
You speak to my soul like you've known it before

And I just can't stop
Lord, I can't stop myself
I can't stop
Lord, I can't stop myself

Now that you know, I can't get enough
I gotta have all your love

You have everything I could ever want
You have everything I could ever want
And you speak to my soul like known it before

And I just can't stop
Lord, I can't stop myself
I can't stop
Lord, I can't stop myself

I won't stop
Lord, I can't stop myself
I can't stop
Lord, I can't stop myself now
