

# Magic

Mozella

Oh oh, it's magic Look at the sun way up there in the sky  
Shining forever, the world is so bright  
Oh oh, it's magic everywhere

A little bird chirping high in the tree  
He flew right down and whispered these words to me  
He said "look all around, life is just so beautiful I found", w  
hoa-oh-oh  
Oh oh, it's magic  
Look at the sun way up there in the sky  
Shining forever, the world is so bright  
Oh oh, it's magic everywhere

Went down to the river to wash all my cares away  
Saw a little fish swimming and here's what he had to say  
He said "girl don't you know, life is just so easy when you go  
with the flow"  
Oh oh, it's magic  
Look at the sun way up there in the sky  
Shining forever, the world is so bright  
Oh oh, it's magic everywhere

It's a perfect day, everything will be OK  
It's a perfect day, I'm gonna celebrate

Look all around, life is just so beautiful I found, whoa-oh-oh  
Oh oh, it's magic Look at the sun way up there in the sky  
Shining forever, the world is so bright  
Oh oh, it's magic  
Oh oh, it's magic, yeah  
Oh oh  
Look at the sun way up there in the sky  
Shining forever, the world is so bright  
Oh oh, it's magic everywhere
