Addicted to That Rush

When I was a young boy My momma said to me Once a woman gets your soul You'll never shake her free These are words of wisdom Tt turns out she was right Gotta find a lover-'Cause I need a fix tonight

Once I thought her lovin'
Was a habit I could break
But when I go without it
My body starts to ache
Whooooooo ooooo
Watch it touch me deep inside
Whoooooo
Somethin' snaps inside my mind
When I feel it comin' ain't no sense in runnin'
I'm addicted to that rush
Every time we touch
Never get enough
'Cause I'm addicted to that rush - Yeow!

Look around I stop and stare Got to get a taste Pretty women everywhere We ain't got time to waste Lookin' for a little thang To fit into my plans On the town I'll hurt you down I'm walkin' like a man Mr. Big
