

Alive & Kickin'

Mr. Big

Paul came up with the main riff while he was tuning. not too bad really, he should try tuning more often!

Black top blazin, hometown fadin
Out of sight in the rear view mirror
Stevie ray blasting on the radio
As I slam it into higher gear

My babys by my side, tears in her eyes
Writing a goodbye letter
Sayin johny and me are running wild and runnin free
Just like you did momma

Don't know where were goin
But when we get there well know
Were gonna follow the code of the road

Jump into the fire
Keep our love alive and kickin
Down the dorr, it's what were livin for
Rockin side by side
Keep your love alive and kickin

We got everything we own in the trunk and on the roof
And she's got baby sitting money in her pocket
Were drivin fast, aint no looking back
Were flyin through the desert like a rocket

White line widin up interstate five
The road goes on forever
And it doest matter where it's gonna take us
As long as were together

Were talkin our chances
Gonna do it our way
Pedal to the metal shooting down the highway

Jump into the fire
Keep our love alive and kickin
Down the walls, that's when
Freedom calls
Rockin side by side
Keep your love alive and kickin
