Paul came up with the main riff while he was tuning. not too ba d really, he should try tuning more often!

Black top blazin, hometown fadin Out of sight in the rear view mirror Stevie ray blasting on the radio As I slam it into higher gear

My babys by my side, tears in her eyes Writing a goodbye letter Sayin johny and me are running wild and runnin free Just like you did momma

Don't know where were goin
But when we get there well know
Were gonna follow the code of the road

Jump into the fire
Keep our love alive and kickin
Down the dorr, it's what were livin for
Rockin side by side
Keep your love alive and kickin

We got everything we own in the trunk and on the roof And she's got baby sitting money in her pocket Were drivin fast, aint no looking back Were flyin through the desert like a rocket

White line widin up interstate five The road goes on forever And it doest matter where it's gonna take us As long as were together

Were talkin our chances

Gonna do it our way

Pedal to the metal shooting down the highway

Jump into the fire
Keep our love alive and kickin
Down the walls, that's when
Freedom calls
Rockin side by side
Keep your love alive and kickin
