

As Far as I Can See

Mr. Big

I watch the way your mouth is moving
Like a detective at the crime
I study your expression
And the read between your lines

You know I've got a deep suspicion
That you're out there playing games
But I never see the faces
I don't know the names

As far as I can see
You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe
As far as I can see

I get the feeling that you're looking
For another soul to steal
You can feel the hunger
And you're looking right at me

You know I've got a deep suspicion
That you're out there playing games
But I never see the faces
I don't know the names

As far as I can see
You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe
As far as I can see

I don't know what it is that keeps me hanging on
I know there'll come a day when I'll look and
You'll be gone
You'll be gone

As far as I can see
You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe
As far as I can see
