## **Fool Us Today**

They say it's not the money You know it's not the money Can you figure out what you want What you need? They try to pump it up, forget about the facts Sometmes it hurts but it's never taken back The left is right, the right is left Oh yeah, I gotta get this thing right off my chest

R: Black, white and grey what can you do What can you say? How can they fool us today? Hold your head up high, laugh till you cry How can they fool us today

Talkin' twenty-four, secen. we're losin' what we're gettin' They slap you down with a call from up above It's a window to the world A word to every man Just gettin' it up, we'll all do what we can They do it all for you, much better than the rest Hey it's alright if you can pass the test

## R:

It's all good new, we can buy and sell Yeh! Don't stop now you can unring a bell

Black, white and grey what can you do What can you say? How can they fool us today? Hold your head up high, laugh till you cry How can they fool us today Catch the falling sky, we're all gonna die anyway How can they fool us today?
