Mr. Big

Back in the beginning  
Adam's in the mood  
But Eve had all the apples  
Whoo, and that boy couldn't buy a clue  
It's a full-time education  
No one clearly understands  
The Devil must be laughing  
At the measure of a man

On the road to a happy ending  
There is nothing but twists and turns

If I could swim through the desert  
Drive to an island  
And fly through the forest  
And walk on the air  
I wish I had a dime  
for every time I tried  
And I'd sure keep the girl satisfied  
Keep her satisfied

My mind is scarred and blistered  
begging black and blue  
But there's a grin on my face  
from the thrill of the chase

Just like any dog'll do  
She's got brains and beauty  
And my heart is in her hands  
Can't finesse the misses  
Yes, without a song and dance

On the road to a happy ending  
Yeh, there is nothing but twists and turns  
oh-hoo

If I could swim through the desert  
Drive to an island  
And fly through the forest  
And walk on the air  
I wish I had a dime  
for every time I tried  
And I'd sure keep the girl satisfied

I would stare down the thunder  
Carry a mountain  
Crawl through the fire  
To get closer to you  
And I wish I had a dime  
for every time I tried  
And I'd sure keep the girl satisfied, Yeah

Yeah, On the road to a happy ending  
There is nothing but twists and turns, Oh Lord

If I could swim through the desert  
Drive to an island

Fly through the forest  
And walk on the air  
I wish I had a dime  
for every time I tried  
And I'd sure keep the girl satisfied

So I would stare down the thunder  
Carry a mountain  
And crawl through the fire  
To get closer to you  
I wish I had a dime  
for every time I tried  
And I'd sure keep the girl satisfied,  
And I'd sure keep that girl satisfied  
sure keep the girl
