

# Stay Together

Mr. Big

It's shame  
That our paths should have crossed so young  
Who's to blame  
For the tears and the damage done

All I know  
Is I can't forget the time we had  
And I'm sorry if it turned out bad

Even though I want you  
Even though I need you  
Even though my heart is screaming  
Still believing  
We could fall in love

Even though I want you  
Even though I need you  
Even though we won't find better  
We can't stay together

Tell me why  
There were secrets you never told oh, no  
It's a crime  
The cliché of a love gone old

All I know  
Is I've given all I can to you  
And there's nothing more that I can do

Even though I want you  
Even though I need you  
Even though my heart is screaming  
Still believing  
We could fall in love

Even though I want you  
Even though I need you  
Even though we won't find better  
We can't stay together

It's all right  
Happiness only comes to few  
But in time you may find it in someone new

Even though I want you  
Even though I need you  
Even though my heart is screaming  
Still believing  
We could fall in love

Even though I want you  
Even though I need you  
Even though we won't find better  
We can't stay together

Stay together  
Stay together

Ow!
