

Let Me Luv Your Girl

Mr. Capone-e

Hello?

Hey

I need you, can you please come get me?

Yeah, don't even worry about it

I'll be there

I'm the one, you can call, when you need me

You can trust in me, girl, believe me

One call, from the morning to the evenin'

I'll be your man, hold your hand, any season

I can be there for you (For you)

Cherish every little thing about you (Bout you)

All you gotta do is let me

Just let me, just let me

Love you girl

I'll be your man, your friend you never had

I'm the type of guy to provide you with a plan

Keep you on the right direction, with this love

When you feelin' insecure

I'll be there with a hug

And every moment that you cry

I share your emotions

I'd protect you with my life

{And my arm stay open}

Walkin' by the ocean as we can a cool breeze

Sunsettin'

You explain, all your needs

And your goals

And desires in this world

I know it's hard, believe it, man, but has it occurred

Preferred (Yeah)

That you need a real man

Not these little boys, still livin' off mom and dad

So I swoop you off your feet

Like a king to a princess

You don't need instrumedley, no need to be stressin' (No)

Confessin' all this love to you

{Let me show what love can do} (Yeah)

I'm the one, you can call, when you need me

You can trust in me, girl, believe me

One call, from the morning to the evenin'

I'll be your man, hold your hand, any season

I can be there for you (For you)

Cherish every little thing about you (Bout you)

All you gotta do is let me

Just let me, just let me

Love you girl

Like I told you, Trix/tricks are for kids

And you're a woman

So listen to the bridge

He buys you tons of roses, but money don't buy love

You waiting up for him

While he's sippin' at the club

Tryin' to buy a lapdance, while you workin' for yours

Tryin' to drop the lame

And change and get yours

Pick up the phone

And call up daddy Capone

I'll be right by your side
When you feel all alone
{Come on now}
Don't let, no one get you down
This song makes you cry
But this song makes you proud
{Holla at your boy}
With this thug-like passion
Raised and representin' the one I love for everlastin'
{True}
But this is just me to you
Never leave you behind, cause real ladies need love, too
And that's a {fact}
I got your back
Just a phone call away, {girl, believe what I say}
I'll be there
I'm the one, you can call, when you need me
You can trust in me, girl, believe me
One call, from the morning to the evenin'
I'll be your man, hold your hand, any season
I can be there for you (For you)
Cherish every little thing about you (Bout you)
All you gotta do is let me
Just let me, just let me
Love you girl
So let me take you, {where you never went}
And let me save you, and {be your best friend}
Let me hold you, protect your innocence
I be there for you, in
Everytime for presents
{Come on, girl}, time to make that change
No more dead beat lames
No more everlasting pain (No more)
This is the simple
Things we do
From a man to a woman (Yeah)
{Don't trip, I got you}
I'm the one, you can call, when you need me
You can trust in me, girl, believe me
One call, from the morning to the evenin'
I'll be your man, hold your hand, any season
I can be there for you (For you)
Cherish every little thing about you (Bout you)
All you gotta do is let me
Just let me, just let me
Love you girl

All you gotta do is let me, just let me...
Love you girl...
All you gotta do is let me, just let me...
