

# Healing Waters

Mr. Mister

Yellow moon  
Face of a prophet  
Shooting star  
Light of the heaven  
Shine down shine down  
On our tiny enterprise  
Where do we go when all our time's been wasted  
Just keeping score on who is right or wrong  
There's no reason

(chorus)  
Follow the road  
The road that leads us  
Where the healing waters flow  
Where do we go  
When the world forsakes us  
Where the healing waters flow

Silent god  
Moving in my heart  
Telling me  
Not much I understand  
But I, but I  
Need to know so I fight on  
Here every beast must feed upon the other  
When will the lion lie down with the lamb  
There's no reason

(repeat chorus)

There is a river running deep  
Into my soul  
Rushing like a vision over me  
It flows  
Where do we go when all our time's been wasted  
Keeping score on who is right or wrong  
There's no reason

(repeat chorus)
