

## I Get Lost Sometimes

Mr. Mister

Sometimes I roam the night, I come home in the morning light  
I guess sometimes I get carried away  
You know me really good, I don't do what you think I should  
But somehow you know it's gonna be okay

I get lost sometimes, but you find me, I get lost sometimes (repeats 4x)

She wakes up to the telephone, come and drive your boyfriend home  
He gave us your number, he's feeling no pain  
The little girl she understands, she loves the boy inside the man  
Just hurry back to mama, back to mama she say

I get lost sometimes, but you find me, I get lost sometimes (repeats 4x)

She got magic - I know it  
She got magic - I know it

I get lost sometimes (I get lost sometimes)  
I get lost sometimes (I get lost sometimes)  
I get lost some, I get lost some, I get lost some - I get lost sometimes

I get lost sometimes, but you find me, I get lost sometimes (repeats out)
