

Goodbye, Lonely Heart

Mr. President

Goodbye, lonely heart
I've got a love it's gonna last forever
Goodbye, lonely heart
I've got a love we're gonna stay together

Say we'll stay together-It will last forever
sing about it from on high
Say we'll stay together-It will last forever
tell your lonely heart goodbye...(goodbye)

I used to be so very complicated
little things would bear upon my mind
didn't realize that I was lonely
told myself that everything was fine

Friends-told me long ago it was perplexing
seeing me so sad and all alone
didn't want no help from anybody
thought that I could make it on my own

Until the moment when your in love again
there's no fear and then
you just let yourself go...oohh...

Everything I never wanted
I just couldn't leave you if I tried
oh oh oh ask me where I'll be tomorrow
I'll be standing right there by your side
