

Happy People

Mr. President

Happy people it's a happy day
Have a party on a summer holiday
Happy people it's a happy day
Come together
So we take the easy way

Summertime, everybody feel alright
The BBQ Party's til the middle of the night
The girls look alright, they dressed real light
So throw your hands up
We're gonna party alnite
As I think back to summers of the past
We were kind cool
But the night went so fast
No stress or time for upevil
Laying in the sun happy people

Sha la la la la la ley-a
Sha la la la ley-a
Take the easy way-a
Sha la la la la la ley-a
Sha la la la ley-a
Take the easy way

That's the way we love summer sun shine
No work today
Lay around and feel fine
Forgetting all the problems
All the stress that ain't mine
So we can lay around in C. Klein
In the evening I light the BBQ Fire
I like my steaks with ice green banana
Forget all the stress
No itme for upevil
Laying in the sun happy people

Party people, put your hands in the air
Party people, let me hear you say hey

Happy people in America
Happy people in Germany
Happy people in Japan
Happy people all over the world

Sha la la la la la ley-a
Take the easy way
