

I'll Follow The Sun

Mr. President

I'll follow the sun
Into a new day
I'll follow the sun
Right to the place I wanna be

We can make the world go round
Why don't you follow me
Right to the place I wanna be
Yeah, we can make
The world go round
Why don't you follow me
Right to the place I wanna be

Dreams can make you happy
If you really let them win
We can make the world go round
There's so much to begin
I know a better place
I need your warm embrace

Take my hand
I'll take you to the land
Where you've never been
With you by my side
I can ride to the moon on a violin
You make me feel so right
I need your love tonight

Sun shining in my face
And feel the need for some
Sunny place
Up and away from
Hustle and bustle of the city
Where life is such a pity
I need you right here in my arms
Underneath the shade of sunny palms
Where the skies are blue
And we can have some fun
I'll follow you
Like I'll follow the sun
