I'll Follow The Sun

Mr. President

I`ll follow the sun Into a new day I`ll follow the sun Right to the place I wanna be

We can make the world go round Why don`t you follow me Right to the place I wanna be Yeah, we can make The world go round Why don`t you follow me Right to the place I wanna be

Dreams can make you happy If you really let them win We can make the world go round There`s so much to begin I know a better place I need your warm embrance

Take my hand I`ll take you to the land Where you`ve never been With you by my side I can ride to the moon on a violin You make me feel so right I need your love tonight

Sun shining in my face And feel the need for some Sunny place Up and away from Hustle and bustle of the city Where life is such a pity I need you right here in my arms Underneath the shade of sunny palms Where the skies are blue And we can have some fun I`ll follow you Like I`ll follow the sun
