

## Love sex and sunshine

Mr. President

One we're rolling  
Two I wanna hear you scream  
Three I'm gonna have a rush tonight  
Four like you have never seen

Wanna see me naked  
You wanna see me undressed for you  
Wanna touch my body  
feel me over you

Wanna take my shirt away  
You wanna see me stripped  
Watching every edge of me  
Now you're getting dipped ahaha

Refrain: I know you wanna have  
Love, love, love, sex and sunshine  
I know you wanna have fun, fun, fun  
You are not the only one  
I know you wanna have  
Love, love, love, sex and sunshine

You wanna kiss me once  
You wanna kiss me twice ahaha  
You wanna lick me up  
Just like a bottle of ice

Take me the beaches  
You want me on the floor  
Whatever I give to you  
You will be screaming for more screaming for more

Refrain: I know you wanna have love...

Oh let the mood be hot tonight  
Like all the fancy limoright  
Let the sun shine up your mind  
Some everlasting fun be fine

Lalalalala...

Refrain: I know you wanna have love... (2x)
