

# What Goes Around Comes Around

Mr. Shadow

[Mr. Shadow]

I'm not like Snoop, talking about the gambino  
I'm Mr. Shadow, I got you wet El Nino, ike Nino Brown  
But In my part of town, motherfuckers that be wondering  
End up on the ground, from the roots of soul

I was born to be a foe, beware nothing  
In this world could have scare me, stare me down  
Like if you got pops, a barrage of gun shots putting and end to the cops  
And now it's just me and you, and I'll be seeing you

At your gave for trying to act brave, you could of stayed  
But the pigs couldn't wait, and those fools that be-trade  
For your ass that never prayed, for cheers if you never shed a tear  
Now you sleep with the maggots you motherfucking fagots

Your clan should have never ran cause I'm the man  
Mr. Shadow gots you motherfuckers stranded in my land

[Chorus: x2]

What goes around comes around, the tables turns  
It's the Shadow of your death come back I'm gonna burn  
You slip away slow but I won't it go, what goes around comes around

[Mr. Shadow]

I walk up in the cemetery and I was buried  
But then I made out when you thought you laid me out  
And now it's all about the pay back, think of way back  
I'm your terror, your enemy forever, so let's call the priest

Ain't no peace til deceased, I be the first motherfucker to release  
My demon, I know I got you dreamin' and screamin', stirring up the news  
'Cause you heard I broke the rules, never leaving clues, I'm refusin' to los  
e  
Every fool that I stake, best believe I payed my dues, many clues that took

Live my life as a crook, take look where ya step or I might resurrect  
And Huantcha, bitch motherfucker cause I want you  
Teach y'all a lesson that your momma never taught you,  
I shot you, took ya for the life you were living, your enemy for life  
And you still see me grinning

[Chorus]

[Mr. Shadow]

I'll see you in the next life, I'll be waiting  
If you think you've seen the last of me, you're mistaking  
Now you don't have to ask, let me run you down the facts  
They way you bust raps is the way up bust caps, fuck the snaps

I gave you all my testimony, you're a fraud you's a fake  
And forever be a phony, now throw away your fantasy  
That you were me, but never could it be, because I'm bigger then the sea  
I saw ya coming, I was walking you were running,

And all of a sudden I was pointin' and blastin', at you  
I was taking away every day that you lived, and I never forgive

Unforgiven, physco way I was driven with the evils how I'm livin'  
6 letters in my name, 6 thoughts up in my brain, 6 shots from my slug

Gotcha wakin' up in a frame, a memory of you but it's all because of me  
'Til you paid for your sins is the day I set you free

[Chorus]
