

Milk And Honey

Mr Twin Sister

I think it's time I bought you a suit
The jacket fits right, the lining is wool
I do try to look good for you
If you love me you would try too

Save your money, spend it slowly
Don't keep waiting for things to change
Stay on with me, Milk & Honey
Follow you into our old age

Why can't you be what I want you to be?
You've got nothing going
Will you ever throw in?
Is it ever going to be easy going?

If you love me you would try too (6x)
