The Other Side Of Your Face

Mr Twin Sister

Can't see the other side of your face
But I know that it is mean
I can try to start over this week
But it can't change the way I feel

Can't see the other side of your dream But I know that it is real I can try to change the way I think If it makes you happy then I will

oooh oooh oooh ahh ahh ahh ahh ahh ahh

Take me away I don't want to stay Can't you tell that I'm in pain?
