

Do You Know

Mr. Vegas

We come a long way what a sweet love story
Membra the days when you used to adore me
All the lovin and the time you gave me
A weh mi a go get that from now baby
A three months now mi can't believe that ya gone
It's like you leave mi pon di great China Wall
Can't believe stay bad man like me ya'll dem all
A every night a your name mi call

Do you know how to miss someone
If your in love you'll understand
Cause when you love someone
And you lost that one
It's time to carry on, so hard to carry on
I say do you know how to miss someone
If your in love you'll understand
Because I loved someone
But I lost that one

Now mi come home from work and the house feel empty
Not even da scent of di food fi greet mi
Mi shouldn't a pick the message you a sent mi
A from di day that you stopped a mi laundry
Three months now mi can't believe that you gone
Mi house empty like when Gaddafi keep dance
My sound a play and you not there inna di lawn
Woman tell me what part you gone

Do you know how to miss someone
If your in love you'll understand
Cause when you love someone
And you lost that one
It's time to carry on, so hard to carry on
I say do you know how to miss someone
If your in love you'll understand
Because I loved someone
But I lost that one

Do you know how to miss someone
If your in love you'll understand
Cause when you love someone
And you lost that one
It's time to carry on, so hard to carry on
I say do you know how to miss someone
If your in love you'll understand
Because I loved someone
But I lost that one
