

Dropping The Ball

MU330

I'm too happy I hardly have to try watch me fall down,
Tripped so easily some things come naturally
I've got a little man inside me whispers she's had
Enough this little thing inside me tells me that she's above br
eakdown
I've gotta see you you've got to prove it wrong,
watching a video I hardly have to try
It could be you and me if I just close my eyes
Now I'll just close my eyes,
Dropping the ball is the one thing I do the best, dropping the
ball
