

Oh My God

MU330

Oh my God what have I done?
I've let go, had some fun.
I've done things that I shouldn't have done,
My God what have I done?

This is gonna get to my head,
This is gonna be confusing.
Up against the fence my blood ran
Straight from my head to my pants.

I can't, you can't, we can't, too late,
It feels so great, so 'now', so wow!
Alright, so good, my God what have I done?

Woah, oh my God what have I done?
I've let go, had some fun.
I've done things that I shouldn't have done,
My God what have I done?

My God what have I done?
My God what have I done?
What have I done?
What have I done?
