

Wide Awake

MU330

Wide awake but I can't see what you do to
Me but I just turn my heart and let the problem
Be because I'm wide awake but I can't see yeah
Yeah when I'm with you I get all shook up I tried
It all I tried to write a letter but it just didn't turn
Out right so I grabbed the phone and tried to
Call last night but my fingers froze my words
They turned to ice
