

You just got out of school last year
And all your friends ask, hey what you doing here?
Somehow you just can't mix with kids your age
She knows what she likes

I know you look much older now
But you ain't figured out life somehow
You got a different number on every page
She knows, she knows what she wants

Crazy, crazy, you amaze me
Crazy lady, rearrange me
Crazy baby, I'm so in love with you right now

You're growing up before your time
You think everybody's saying, "Ooh, but you're looking fine"
You're learning fast, you sure have come a long way
She knows she knows what she likes

I know you don't think much of me
'Cause you've got plans on just what you oughta be
You've got a different face for everyday
She knows, she knows what she wants

Crazy, crazy, you amaze me
Crazy lady, rearrange me
Crazy baby, I'm so in love with you right now

Crazy, crazy, you amaze me
Crazy lady, rearrange me
Crazy baby, I'm so in love with you right now

Crazy, crazy, you amaze me
Crazy lady, rearrange me
Crazy baby, I'm so in love with you right now
