

Cold Weather Blues

Muddy Waters

You know I've been like that
Ever since my baby been gone from me
The night she left me
You know the rain boy was pouring down

Oh yeah, I mean the night the little girl left me
You know the rain was pouring down
You know I was the most bluest man
In this whole Chicago town

I got a brand new babe
She just as sweet, man, as a girl can be
Oh Lord, I got a brand new girl
She just as sweet, man, as a apple on a tree
I wanna tell all you people how the little child been sending me

I'm just as restless man as the deep blue sea
Oh yeah, they call me muddy water
