

Deep Down in Florida

Muddy Waters

Yeah, I be goin' down in Florida
Where the sun shines damn near every day
Yeah, I be goin' down in Florida
Where the sun shines damn near every day
Yeah, I'll take my woman out on the beach
And sit down on the sand and play

Yeah, I think I'll go back to Gainesville
Just to see an old friend of mine
Yeah, I think I'll go back to Gainesville
Just to see an old buddy of mine
Well, you know if we're not too busy
I believe I'll go and ... sometime

Well, hey, I'll be leaving here in the mornin'
I think I will be on my way
I'm gonna give myself a plenty of time, boys
Well, I don't wanna make myself late
Well, you know I believe
I'll go back down in Gainesville
And, and this time I'm goin' to stay...

Well, I'm going down in Florida
Where the sun shines damn near every day
Yeah, I be goin' down in Florida
For the sun shines damn near every day
Well, I'll take my woman out on the beach
And sit down on the sand and play
I'm gonna take pants out with me

Yeah, down in Florida
That's the place I long to be
Yeah, deep down in Florida
That's the place I long to be
Well, I'll take my woman out in the backyard
And sit down under the old orange tree
