## I Got My Brand On You

Muddy Waters

I got my brand on you There ain't nothin' you can do honey I got my brand on you

Oh you may go away and leave me girl, I declare you can't stay You gonna come runnin' back to me some lonesome day I got my brand on you I got my brand on you There ain't nothin' you can do darlin' I got my brand on you

Oh I'm puttin' my brand you know baby on no certain part But whenever I kiss you I stab it in your heart I got my brand on you I got my brand on you There ain't nothin' you can do baby I got my brand on you

Oh I got you like a fish baby, you know hangin' on my line I can reel you in, most any time I got my brand on you I got my brand on you There ain't nothin' you can do baby I got my brand on you
