

Let's Spend the Night Together

Muddy Waters

Don't you worry 'bout what's on my mind
No, I don't want you to think about it
I'm in no hurry, I can take my time
And yes, I always take it

I'm going red and my tongue's gettin' so tied
You're tired
I'm off my head and my mouth's gettin' so dry
I'm high and I'm tired

Let's spend the night together, now woman I need you
Oh, woman, I need you more than ever, girl
Let's spend the night together now

I feel so strong that I can't describe
No, you know I can't imagine it
You know I ain't gonna apologize
No, I ain't gonna tell you nothin' about it

Don't hand me up and don't you let me down
Down, down
We can have fun, you know
Just moving around somewhere in town

Let's spend the night together now, woman, somewhere
Let's spend the night together, oh, won't you, girl
Let's spend the night together now

Oh, let's spend together a night
Girl, oh, I want you now
You know I need you, I need you, let's spend it
Oh, girl let's spend a night together one time, woman

I wanna spend a night with you, girl
I need you now
Yeah, let's spend a night together, woman
We're gonna spend a night
