

## You Shook Me

Muddy Waters

You know you shook me baby  
You shook me all night long  
You know you shook me baby  
You shook me all night long

Oh, you kept on shakin' me darlin'  
Oh, you messed up my happy home

You know you move me baby  
Just like a hurricane  
You know you move me baby  
Just like a hurricane

Oh, you know you move me darling  
Just like an earthquake move the land

Oh, sometimes I wonder  
What's my poor wife and child gonna do  
Oh, sometimes I wonder  
What's my poor wife and child gonna do

Don't you leave me in this ... darlin'  
I'm madly in love with you

You know you shook me baby  
You shook me all night long  
You know you shook me baby
