Dyin' for It

Mudhoney

First thing I remember baby, you came floating by
Everything before that belongs to someone else's life
I lost touch with everything I used to be
And now my heart pounds out a brand new beat

You got me dyin' for it baby
You know I'm tryin' to get through
You got me cryin' for ya baby
Oh Lord, what else can I do?

Next thing I know, you dropped out of sight
Now I see you every time I close my eyes
Moving so smoothly along the hot concrete
The way you move could make tonight complete

You got me dyin' for it baby
You know I'm tryin' to get through
You got me cryin' for ya baby
Oh Lord, what else can I do?
