

## Let's Drop In

Mudhoney

Let's drop in  
Baby let's drop in  
You know it can't begin  
Until we drop in

You gotta relax  
C'mon baby relax  
Aw just lay back  
Release and relax

I know you feel it, yeah I can see it, baby  
Once you've revealed it, you can't conceal it, baby  
If you want to free it, you got to reach it, baby

Let's drop in  
Let's drop in  
Let's drop in  
Let's drop in  
Let's drop in  
Let's do it again  
And then again and again

Once you've revealed it, you can't conceal it, baby  
If you want to free it, you got to reach it, baby  
So let's unleash it and then repeat it, baby

Let's drop in  
Let's drop in  
Let's drop in  
Let's drop in
