

Poisoned Water

Mudhoney

This is a great song off of Mudhoney's new album Tomorrow Hits Today. It also appeared in Black Sheep when they performed in the movie. Anyways, here's the song.

Intro-

B (Just bend the 'b' note on the G string for the higher part.)

Verse-

Pre-chorus-

Chorus-

B (Just bend the 'b' note on the G string for the higher part.)

For the solo, just make something up and, odds are, it'll still sound good.
