

Today, Is a Good Day

Mudhoney

Nothin' but dust
Dripping out the pump
The cows are milking blood and
God only knows what that is
Rainin' down from above

Today is a good day
Today is a good day
Today is a good day
Today is a good day

The crops are all diseased
Rotten fish line the dried river bed
Orphans cry from the alley
Nearly every mother's dead
I can't help but wonder
I can't help but wonder
Can't help but wonder
Will you be next

Today is a good day
Today is a good day
I've still got you
Today is a good day
Today is a good day
I've still got you

Watchin' you in your fitful sleep
There's one thing I pray
Please please
God Let tomorrow be as good as today

Today is a good day
Today is a good day
I've still got you
Today is a good day
Today is a good day
I've still got you
I've still got you
I've still got you
I've still got you
