

# We Are Rising

Mudhoney

I feel it  
You feel it too  
I believe it's  
High Time we broke thru  
Like glaciers melting off the mountain  
Building up against the dam  
Like the rivers we are rising  
It's High Time we made our stand  
There's you and me, there's us and them  
Gonna break it down and built it up again  
There's you and me, there's us and them  
Let's burn it down and write a whole new end

I'm rising  
You're rising yeah  
Together we will be flying  
C'mon baby take my hand
