

# Dead Inside

Mudvayne

I dont feel good  
Just an ordinary day  
I dont care much  
About what you think

It all washes away, in the end  
Under skies so gray, in the end (Were all)  
Dead inside, cant deny  
What is real, the pain I feel.  
Dead inside, cant deny  
Always suffering, its just my way.

Ive seen enough  
No more hurt today  
All damage is done  
No more life this way

It all washes away, in the end  
Under skies so gray, in the end (Were all)  
Dead inside, cant deny  
what is real, the pain I feel.  
Dead inside, cant deny  
always suffering, yeah.

Every single one  
From every single way  
All they do is drag me down, and I know it'll never change.  
Every drop of blood  
Flows right down the drain  
& though I spilt it all for you,  
you never appreciate, never appreciate (Were all)

Dead inside, cant deny  
What is real, the pain I feel.  
Dead inside, cant deny  
Always suffering, its just my way. (2x)
