

Scarlet Letters

Mudvayne

The heart is beating but the soul has died
The body's breathing beneath catatonic eyes
The blood is flowing, set it free for demise
I've lost my balance, but god knows I've tried
I don't wanna be here anymore in scarlet letters
Carved into what once was me
Once was yours no more (no more)

An uphill battle I failed to climb
I left it all now and I don't mind
Betrayed and broken consumed by the lies
Farewell to you all, I'll be fine. Goodbye.

I don't wanna be here anymore in scarlet letters
Carved into what once was me
Once was yours no more
I don't wanna be here anymore the scarlet letter
Torn in two, a piece of me, the peace in you no more

Do you believe in loss?
Do you believe in faith?
Do you believe in death?
Now that I'm gone
Forsaken me, ashes to dust just let me lie
Lay me to rest, I've done my best but lost my sight
Turning my back, leave me alone let spirit rise
Knives in my back, all hope is lost
Say goodbye

I don't wanna be here anymore in Scarlet Letters
Got to do, what once was me, once was yours, no more
I don't want to be here anymore, I don't wanna be
here anymore the scarlet letters
Carved into what once was me, once was yours no more.
